

## REMARKS

This amendment is made to supplement Applicant's supplemental restriction requirement and species restriction which is attached hereto. Applicants have cancelled 3 claims (22, 23 and 29) and have added two new dependent claims, which are directed to the treatment of cutaneous malignancy (non-melanoma skin cancer). No fee is due for the presentation of this paper. Support for the amendment to the claims can be found throughout the originally filed application, examples and claims and in particular, in the specification at page 6, fourth full paragraph. No new matter has been added by way of this amendment.

The present amendment has been made in order to conform the claims to the species to which Applicant has further restricted his invention.

Respectfully submitted.

Coleman Sudol Saponi, P.C.
